Product highlights

Color Display

Personalize your phone with color wallpapers and screen savers. Use the embedded wallpapers/screensavers, or download new ones for example via Wap.

Icon-based menu

Each major function in the menu is represented by a dedicated and colorful animated icon. Icons are placed in a carousel to let you easily find them.

Multi-person SMS

You can send short messages (SMS / EMS) to several people at the same time. After writing your message, simply select the recipients you want to send it to, and with a simple "send", all chosen recipients will receive your message.

Polyphonic Ringtones

To personalize your phone, choose one of the embedded ringtones. If you wish to have more ringtones, you can download new ones by using for example Wap browsing.
